Preferred Freezer Services PR - Codina, December 15th, 2003

Preferred Freezer Services was formed in 1989 with intentions of becoming a leader in the cold storage warehousing industry. Integral to Preferred's Business model is the development of state-of-the-art, standardized refrigerated warehouses that can be built quickly and efficiently so as to obtain critical mass, in large metropolitan areas in order to service the frozen food market. This model has allowed Preferred to distinguish itself and its services in the high-value-added segments of the refrigerated warehouse market, specifically frozen specialty items such as seafood. Currently Preferred operates facilities in the New York / New Jersey metropolitan area, Boston, Massachusetts, Vernon and Los Angeles , California, Miami, Florida and Chicago, Illinois. With their state-of-the-art technology, superior customer service, and employee loyalty, Preferred Freezer Services positioned itself not only to maintain its competitive edge in the market place, but also to become the preeminent specialized PRW (Public Refrigerated Warehouse) within the nation.

Preferred Freezer Services has recently opened its 12th state-of-the-art refrigerated warehouse on December 15th, 2003. Preferred Freezer Services of Medley, FL is the largest facility within their nationwide network of cold storage facilities. Completed in under 5 months, by Codina Construction, the facility consists of 7,300,000-cubic-foot, 0 degrees Fahrenheit single deep, fully racked freezer space. The warehouse dock features 20 loading / unloading docks maintained at 40 degrees Fahrenheit to ensure integrity of staged products. All Preferred Freezer Services specializes in export services, cross-docking, re-packing, re-strapping, weighing, marketing and labeling. Specific to Preferred Freezer Services of Medley, this facility will be servicing on average 10 rail cars daily and is strategically located next to Sysco Foods newly constructed Distribution Center.

### **About Preferred Freezer Services**
