Preferred Freezer Services is proud to announce that as of June 2006, we began providing cold storage warehousing from the former facility built by Coldwater Seafood, and later merged with Icelandic, at 60 Commercial Street, in Everett, MA. Our new facility, known as Boston Harbor, is now serving the downtown Boston Market and offers Rail connections by CSXT, as well as port services.

This new location will mark the 14th facility currently operating under the Preferred Freezer umbrella in North America.

During October 2006, Preferred Freezer Services purchased the neighboring property to Boston Harbor, and is planning extensive renovation and expansion, not only of the new property, but that of the Boston Harbor facility. This expansion will effectively increase the capacity of this facility by 300%. Renovations will be complete by late summer or early fall of 2007.

Look for our other new facilities currently under construction including Westfield, MA opening this month, our fifth facility in downtown Los Angeles, CA opening by November 2006, and Philadelphia, PA scheduled to open early 2007. You can view progress of all our construction online on our web cam at www.preferredfreezer.com.

About Preferred Freezer Services

Headquartered in Newark, New Jersey, Preferred Freezer Services is dedicated to designing, opening and operating state-of-the-art warehouses throughout the US. It has grown from a single facility in 1989 to its current 21 facilities and growing. Preferred Freezer Services operates in strategic port locations that include New York/New Jersey, California, Massachusetts, Florida, Illinois, Pennsylvania and now in Virginia, Texas & Georgia.

For information on a Preferred Freezer Services facilities, please visit www.preferredfreezer.com, while there check out our **LIVE** webcam of sites under construction.
