May 13, 2008

### **Preferred Freezer Services: NOW OPEN- ELIZABETH, NEW JERSEY!**

Preferred Freezer Services new ultra modern facility is now open and ready for business!

The latest New York/New Jersey facility joins the impressive list of five new facilities that opened in the past six months in: Norfolk, Virginia; Houston, Texas; Atlanta, Georgia; Washington Blvd., Vernon, California and Jacksonville, Florida. The Elizabeth warehouse follows in the heels of a national and international expansion plan that commenced in 2007 to build new buildings throughout the United States, including two new international sites in China and Vietnam.

With the opening of it's fifth new facility so far this year, Preferred Freezer Services added 47 million cubic feet to the nearly 170 million cubic feet of space that the company currently has in its portfolio. The latest New Jersey location can assure customers of the same superior services they have become accustomed to for nearly 20 years.

Look for more facilities to open in 2008 that include Everett, Massachusetts (Boston Harbor); Oakland, California; Los Angeles #7, California; Shanghai, China; and Ho Chi Minh City, Vietnam.

All Preferred Freezer facilities are constructed using leading-edge technology, which incorporates the finest MIS systems available. But it's more than the buildings; it's the quality of the employees. Outstanding people, coupled with state-of-the-art facilities results in exceptional quality and performance in all facets of business.

Headquartered in Newark, New Jersey, Preferred Freezer Services is dedicated to designing, constructing and operating state-of-the-art warehouses throughout the US. It has expanded from a single facility in 1989 to its current 23 facilities and growing. Preferred Freezer Services operates in strategic port locations that includes New York/New Jersey, California, Massachusetts, Florida, Illinois, Pennsylvania, Virginia, Texas, Georgia and soon to come China and Vietnam.

For information on these, or any Preferred Freezer Services facilities, please visit [www.preferredfreezer.com](http://www.preferredfreezer.com) and check out our **LIVE** webcam to view progress of sites under construction.
