Date- Newark, NJ-

Preferred Freezer Services new ultra modern facility is now open and ready for business!

The Los Angeles region facility joins three new facilities that opened in the past two months in Norfolk, Virginia; Houston, Texas; and Atlanta, Georgia. The Washington Blvd. warehouse follows in the heels of a nationwide expansion plan that commenced early this year to build seven new buildings throughout the United States.

With a total of 28.5 million cubic feet of newly added freezer space in 2007, our newest California location can assure customers of the same superior services they have become accustomed to for nearly 20 years.

Look for more facilities to open in 2008 that include Everett, Massachusetts (Boston Harbor); Jacksonville, Florida; Elizabeth, New Jersey; and Oakland, California.

All Preferred Freezer facilities are constructed using leading-edge technology, which incorporates the finest MIS systems available. But it's more than the buildings; it's the quality of the employees. Outstanding people, coupled with state-of-the-art facilities results in exceptional quality and performance in all facets of business.

Headquartered in Newark, New Jersey, Preferred Freezer Services is dedicated to designing, constructing and operating state-of-the-art warehouses throughout the US. It has grown from a single facility in 1989 to its current 22 facilities and growing. Preferred Freezer Services operates in strategic port locations that include New York/New Jersey, California, Massachusetts, Florida, Illinois, Pennsylvania and now in Virginia, Texas & Georgia.

For information on these, or any Preferred Freezer Services facilities, please visit www.preferredfreezer.com and check out our LIVE webcam to view progress of sites under construction
