FOR IMMEDIATE RELEASE

A COOLING TREND HITS DOWNTOWN HOUSTON

Preferred Freezer Services Unveils Houston Metro Facility

Houston, Texas (October 18, 2010) – Preferred Freezer Services, one of the nation’s top refrigerated warehouse companies, continues its growth trend by expanding into the metropolitan area of Houston, Texas. This facility marks the company’s 27th location including the company’s Houston Port location and the recent announcement of their first international warehouse in Ho Chi Minh City, Vietnam in April, 2010.

Following the state-of-the-art design and infrastructure of their Chicago and Vietnam facilities, Houston Metro utilizes robotic cranes that streamline the loading and unloading process to maintain product integrity for the cold chain industry. This increased speed and pallet accuracy combined with renowned customer service since 1989, makes Preferred Freezer Services one of the coolest choices for refrigerated warehousing.

“We are proud to begin servicing the South Texas market with our cutting edge, lights-out automation process in the Freezer. We also provide a refrigerated solution for our customers at this location, as well.” commented Brian Beattie, Executive Vice President, Sales at Preferred Freezer Services.

For more information about the Houston Metro facility located at 555 Aleen Street, please contact Barrett Larkey at 281-865-2222 or visit www.PreferredFreezer.com.

About Preferred Freezer Services: Preferred Freezer Services, headquartered in Elizabeth, New Jersey, is dedicated to designing, constructing and operating state-of-the-art warehouses throughout the United States and Asia. Preferred Freezer Services has grown from a single facility in 1989 to 27 locations and still growing. Preferred Freezer Services operates in locations throughout the United States with facilities in New York/New Jersey, California, Florida, Georgia, Illinois, Massachusetts, Pennsylvania, Texas, Virginia, Vietnam and expanding to China.
