FOR IMMEDIATE RELEASE

**PREFERRED FREEZER SERVICES RECOGNIZED AS ONE OF THE
FASTEST GROWING PRIVATE COMPANIES IN AMERICA**

Elizabeth, New Jersey (August 31, 2010) – For the fourth consecutive year, Preferred Freezer Services was recognized as one of America’s top 5000 fastest-growing, private companies by *Inc.* magazine. To be included in the 2010 Inc. 5000 list, a private company must demonstrate exceptional growth for a period of at least three years. Preferred Freezer Services, one of the top five refrigerated warehouses in the country, ranked number 2704 on the list with a three-year sales growth of 85%.

"The leaders of the companies on this year's Inc. 5000 have figured out how to grow their businesses during the longest recession since the Great Depression," said Inc. president Bob LaPointe. "The 2010 Inc. 5000 showcases a particularly hardy group of entrepreneurs."

Preferred Freezer Services growth is steadfast due to their global expansion plan designing state-of-the-art refrigerated warehouses throughout the United States and Asia. The company opened their first international cold storage facility in Ho Chi Minh City, Vietnam in April, 2010. This facility is the largest fully-automated public refrigerated warehouse in Southeast Asia to date. In addition to Vietnam, two freezers are currently under construction in Shanghai, China.

“Our growth model, which provides exceptionally engineered cold storage facilities combined with high touch customer service, has helped fuel our continued growth,” commented Brian Beattie, Executive Vice President, Sales at Preferred Freezer Services. “We are honored to be included on a list with such impressive companies and appreciate Inc. Magazine recognizing us.”

In recent news, Preferred Freezer Services received [LEED® Gold Certification](#) from USGBC® for their newest Chicago facility in August, 2010.
