**Preferred Freezer Services Expands in Houston Area  
New extension promises all of the customary PFS premiums in a cutting-edge space**

**Chatham, New Jersey** (February 23, 2015) – Preferred Freezer Services (PFS), a global leader in advanced design and engineered temperature-controlled warehouses, announces the newest addition to its continually expanding footprint in Houston, Texas. The company has expanded its busy Houston Express location (one of three facilities in the Houston, Texas area) to keep pace with growing customer demand. Customers in the area, and indeed across the entire PFS network, have consistently expressed the need for engaged and individual treatment in the handling of refrigerated products.

The extension offers all of the traditional PFS perks such as a 24/7 online information system, on-site inspection capability, packing and labeling services, and convenient location to all major roadways and the port. The expansion adds 84,686 square feet to existing freezer space and 13,058 square feet to the loading dock. The extension comprises 2,964,010 cubic feet of storage capacity.

“We have a great team of people in the Houston market ready to serve current and new customers in this ever-expanding port,” said Brian Beattie, President of Preferred Freezer Services.

Preferred Freezer Services of Houston Express is now accepting product at its newest expansion.

For more information on our new Houston extension, contact our sales manager Greg Muse at 281-380-2246 or [gmuse@preferredfreezer.com](mailto:gmuse@preferredfreezer.com). For information on all thirty four PFS locations, please visit [www.PreferredFreezer.com](http://www.PreferredFreezer.com) or contact Dan DiDonato at 973-820-4040.
